

Please Join Highlands and Atlantic Highlands Elementary Schools
for a Beach Cleanup in conjunction with
Clean Ocean Action's Beach Sweeps Program

When: Earth Day!

Saturday, April 22, 2017 from 9:00am until 12:00 noon

Following the cleanup, we will have a brown-bag picnic lunch.

Both groups of volunteer students will be joining together in this community beautification project for each school's Green Team - Sustainable Jersey Certification.

HES and AHES students and families will meet at Popamora Point Beach at the end of Shore Drive in Highlands.

Permission slips are not needed. Students can participate if they have an adult chaperone accompanying them for the entire morning.

All student volunteers will receive volunteer hour certification forms documenting their service.

Register to participate by emailing Amy Elia at aelia@tri-district.us. Please include which school the student attends in the email.

Hope to see you there!
